

Work of the Women's Clubs...

The Cleofan.

More than usual interest was the meeting of the Cleofan, held last Tuesday evening at the home of Miss Elinore Wells. Bishop Orson F. Whitney gave the paper of the evening, a review of the life and work of the poet Tennyson, and a most interesting paper it was. In addition to reviewing the life of the poet, Bishop Whitney gave readings from his works, which were highly appreciated by all present. The home of Miss Wells was prettily decorated with pink carnations, amaranth and plumosa, and at the close of the evening's programme the guests enjoyed light refreshments.

A special meeting of the Cleofan will be held Tuesday afternoon, May 3rd, at 2:30 o'clock at the home of Mrs. Charles Wells. Mrs. Clawson urges all members to be present, as business of great importance is to be decided.

The Reviewers.

Mrs. C. E. Richards entertained the members of the Reviewers' club at her home last Monday afternoon. The programme of the afternoon included a talk on Balzac by Mrs. William A. Nelson; also the reading of a paper written by Mrs. Clarence G. Adney of Ogden and loaned to Mrs. Nelson by the reciprocity bureau of the Utah Federation.

At the business meeting following the programme the club endorsed the action taken by the executive board of the U. F. W. C. in respect to the methods of election proposed by the G. F. W. C. The club also voted to purchase a copy of the May day number of the Annals Standard, to be published by the Woman's club of the clubhouse.

In view of the bereavement which has come to the president-elect of the Reviewers, Mrs. E. O. Lee, the present president, Mrs. Charles D. Moore, asked that the annual breakfast in honor of the president be dispensed with and the fund be paid into the treasury of the club for a nucleus of a permanent fund, to be increased from time to time. The suggestion was adopted. Mrs. Moore has also been ambitious that the Reviewers, though small and limited in number, should accomplish something in the way of beautifying the city, or better still, help others to help themselves. The money which would otherwise have gone for the annual breakfast will be the first reserved for such a purpose.

The Century association of Detroit has built a new clubhouse for women, costing \$50,000. It is a handsome brick structure, with a heavily-tiled roof. Finnish oak is used throughout the interior. A large library, a tea-room and several parlors, a dining-room and kitchen occupy the lower floor; above is a large assembly-room, with a stage, and a ball room for dancing. A number of artist's studios are on the north side of the building. It is expected that every woman's club in the city will meet there. Already the income promises to be ample.

Miss Susan B. Anthony and her sister, Miss Mary, will sail for Europe on May 19, on the steamer Frederick der Grosse, to attend the International Suffrage convention and the meeting of the International Council of Women. Noted suffragists will be of Miss Anthony's party, including Mrs. Carrie Chapman Catt, Mrs. Swift of San Francisco, president of the National Council of Women, Mrs. J. H. Husted Harper, her sister, Mrs. Probe of Terre Haute, Ind., and Mrs. May Wright Sewall.

The Organized Business Women of Denver have just taken possession of new clubrooms, which have been entirely furnished by the large dry goods and furniture stores of the city. A handsome piano was among the contributions. The rooms are open all day to members to rest or read. A feature of the monthly meetings will be addresses by business women from all departments where women are employed. An employment bureau has been established in connection with the club. Only women who are actually earning their own living are eligible for membership.

Mrs. Ella Dietz Glynes has been elected president of the Society of American Women in London. At their last anniversary luncheon, lately held at the Hotel Cecil, 250 ladies assembled. There were addresses by the Countess of Aberdeen, who invited the members to attend the International Council of Women in Berlin; by Mrs. Frederick Reynolds of the National Union of Women Workers; Lady Elizabeth Cust of the Pioneer club; Miss Smedley of the Lyceum club and Mrs. Ayrton. The proceedings closed with the national anthem and a verse from "America."

At the annual meeting of the Florida Federation of Women's club the president, Mrs. Lawrence Haynes of Jacksonville called attention to the fact that Florida was one of the oldest.

SOAKED IN COFFEE
Until Too Stiff to Bend Over.

"When I drank coffee I often had sick headaches, nervousness and biliousness much of the time but about 2 years ago went to visit a friend and got in the habit of drinking Postum."
"I have never touched coffee since and the result has been that I have been entirely cured of all my stomach and nervous trouble."
"I was just the same way, we all drink Postum now and have never had any other coffee in the house for years and we are all well."
"My neighbor of mine, a great coffee drinker, was troubled with pains in her side for years and was an invalid. She was not able to do her work and could not even mend clothes or do anything at all where she would have to bend forward. If she tried to do a little hard work she would get such pains that she would have to lie down for the rest of the day."

"I persuaded her at last to stop drinking coffee and try Postum Food Coffee and she did so and she has used Postum ever since; the pains have been that she can now do her work, can sit up for a whole day and mend and can sew on buttons and she never feels the least bit of pain in her side; in fact, she is well and she shows coffee was the cause of the whole trouble."
"I could also tell you about several other neighbors who have been cured by drinking Postum Food Coffee in its place." Name given by Postum Co., Little Creek, Mich.

"I took in each pig for the famous little book, 'The Road to Wellville.'"
State federations, ranking with New York, Michigan and Pennsylvania in

age, and that it included one of the pioneer women's club of the South, the Village Improvement association of Green Cove Springs, organized twenty-five years ago. The general work of the federation is along educational lines, such as work in the public schools, village improvement societies, free kindergartens and libraries, bird-protections, household economies, forestry and legislation for free kindergartens in the public schools.

Massachusetts clubwomen continue busy in work for the public good. The Woman's club of Lynn is raising funds for the vacation school of the coming summer, for furnishing a floor in the extension of the Lynn City hospital and for helping in the support of the reading and restrooms. Two other Lynn clubs maintain a scholarship fund, and one of them conducts a sewing school. The Kosmos club of Wakefield, composed of women prominent in society, has undertaken to work for the extermination of the gypsy moth, and has called upon the citizens to co-operate.

Mrs. E. H. Merrill, president of the Syracuse (N. Y.) Mothers' club is working for the establishment of vacation schools, and many clubwomen and business men are interested. A meeting was lately held at the Chamber of Commerce to discuss ways and means. Among the speakers was the Rev. Mr. Betts, who for fourteen years has given up a piece of his property as a playground for boys. "I feel that I have done as much good among the boys who have played about my playground," said Mr. Betts, "as I have in all my work in the pulpit, and I have never once preached to them." It was voted to establish as many playgrounds and vacation schools as could be supported.

Club Notes.

Next Friday afternoon at 2 o'clock the annual meeting of the Ladies' Literary club will be held.

The programme committee of the Ladies' Literary club will meet at the clubhouse Tuesday afternoon at 3 o'clock sharp.

An adjourned meeting of the music section will be held Tuesday afternoon at 4:30 at the clubhouse to transact all unfinished business. All new club members who are intending to join the section will please send names and addresses to Mrs. Nelson before this meeting.

Mrs. Allen T. Sanford will read a paper on "Lisbon," and Mrs. Cheeseman a paper on "Oporto" at the regular meeting of the tourist section on Tuesday morning, May 3rd.

At the meeting of the current events and current literature section held Friday afternoon, Mrs. G. V. Parmelee was elected chairman of the section for the ensuing year. Mrs. Frederick W. Little, chairman, and Mrs. A. Keyser, secretary.

Mrs. L. E. Hall declined to accept the nomination for president of the Ladies' literary club. Mrs. Hal W. Brown is therefore the only candidate for the office.

The regular meeting of the P. E. O. society will be held next Saturday afternoon at 2 o'clock at the home of Mrs. Maxson, 2005 East First South street.

Marriage Oddities.
E. J. Lupton of Great Yarmouth, who has attended over 11,000 weddings, has published and given away about 1200 brides of ages ranging from 16 to 60, has published under the title of "Cupid's Pupils" a record of his experiences, relating many interesting and quaint marriage incidents.

He recalls one marriage that was solemnized eight years after the banns were first published. It was postponed from 1876 to 1884.

Among "romantic marriages" Mr. Lupton mentions those of a clergyman's son to a poor country laborer's daughter, and of the rector of a parish to the daughter of a farm laborer forty-two years younger than himself. A comely girl of 18, who married a negro, is referred to.

A queer wedding party was that in which the bridegroom was a weak tripling, the bride six feet high, and her brother, who accompanied her, a giant of seven feet six inches, weighing thirty-four stone.

Among the brides whom Lupton has given away have been two spinsters married to a dying man and a spinster from a workhouse married to a tramp. Lupton recalls the fact that one Sunday morning the clergyman had to publish the banns of fifty-eight couples. He held of quaint marriages by brides and bridegrooms; of a couple who found they had not enough to pay the marriage fee, and had to postpone the wedding; of a bridegroom who borrowed money from his friend at the last moment, and of others who paid the fees in coppers.

A member of a waiting wedding party was once found smoking his pipe as he stood at the altar, and in another case the bridegroom urged Lupton to tell the clergyman to hurry up, as he was perishing of cold. One unworthy bridegroom was so drunk that he had to be carried out and taken a long sleep before the ceremony would unite him to the girl of his choice.—London Express.

Champ Clark in Kindergarten.
Charm Clark of Missouri attended exercises in a kindergarten school the other day. "Have any of you ever seen an elephant's skin?" Mr. Clark asked the youngsters. "I have," shouted one little fellow. "Where?" asked Mr. Clark. "On the elephant," he answered.

NOTED INDIAN FIGHTER AND WAR VETERAN

Gen. W. F. Melbourne, Famous Indian Fighter and Mexican War Campaigner, Tells of His Wonderful Cure of Indigestion and Dyspepsia by Duffy's Pure Malt Whiskey.

GEN. W. F. MELBOURNE.

"I am an old campaigner, veteran of the war with Mexico, the several campaigns against the Indians on the frontier, the expedition for the suppression of the Free State and pro-slavery imbrolio in Kansas, 1856; the Utah Expedition (Mormon rebellion), 1857, and the Civil War. Was also engaged in the late war with Spain."

"I enjoyed general good health until some months ago, when I suffered from a severe attack of stomach trouble, dyspepsia and indigestion. I tried many so-called 'cures' without relief. Upon the recommendation of an old comrade I was induced to take Duffy's Pure Malt Whiskey and used it right along. My health is now good and indigestion a memory of the past. I find it invigorating and rejuvenating in a very marked degree and cordially commend it especially to those getting along in years."

Duffy's Pure Malt Whiskey is an absolutely pure, invigorating tonic-stimulant for the cure of dyspepsia, indigestion, and all stomach and nervous troubles; influenza, grip, pneumonia, consumption and every throat and lung disease; malaria and low fevers. It purifies the blood, tones up the heart's action, strengthens the circulation and prolongs life and makes the old young and the young strong by imparting fresh vigor and vitality to every part of the body. It builds up broken down, overworked, worried, nervous, weak and sick men and women, and delicate children. Over 4,000,000 cures in 50 years. Contains no fusel oil and is the only whiskey recognized by the Government as a medicine. Every testimonial is published in good faith and guaranteed.

All druggists and grocers or direct, \$1.00 a bottle. Medical booklet free. Duffy Malt Whiskey Co., Rochester, New York.

Curing the Sick

WHY IS IT THAT DR. SHORES' OFFICES ARE ALWAYS CROWDED—WHEN OTHER DOCTORS ARE IDLE? WHY IS IT THAT AFTER 12 YEARS' PRACTICE IN SALT LAKE CITY, DR. SHORES' PRACTICE EXTENDS ALL OVER THE WEST? THERE MUST BE A REASON FOR SUCH GREAT AND GROWING POPULARITY—AND THE ONLY CONCLUSION IS—DR. SHORES CURE THEIR PATIENTS.

GUY TRASK, 563 West South Temple.

Mr. Trask says: "I am a locomotive fireman on the O. S. L. railroad, and as such I am required to be in perfect physical health, so when I found I was suffering intensely from Catarrh, I went to a Salt Lake doctor who has the reputation of being a specialist on Catarrh and Eye and Ear diseases, and consulted him. My head and nose were stopped up. I had headaches over my eyes continually, ringing in the ears, and a slight cough. This doctor charged me \$25 for a month's treatment and did me absolutely no good. I then went to Dr. Shores & Shores—paid them for a month's treatment, and began to get better inside of a week. I have improved steadily since, and today the HEAD NOISES ARE GONE, my head is CLEAR, my ears are open, and I feel like a new man, and am glad to tell anyone about the case, and save them time and money seeking relief as I did. If you are sick, my advice is GO TO DR. SHORES and get a cure and save time and money."

"I will be pleased to have anyone call on me for verification of this statement."

Signed, "Guy Trask, 563 W. South Temple street, City."

We Treat and Cure
CATARRH—Deafness, Nose and Throat Troubles, Eye and Ear Diseases, Bronchitis and Lung Troubles, Asthma, Stomach, Liver and Kidney Diseases, Bladder Troubles, Female Complaints, Chronic Diseases of Women and Children, Heart Disease, Nervous Diseases, Chorea (St. Vitus' Dance), Rickets, Spinal Trouble, Skin Diseases, Sciatica and Rheumatism, Diseases of the Bowels, Piles, Flatula, and Rectal Troubles, Goitre or Big Neck, Lost Manhood, Syphilis, Blood Diseases, Tape Worm, Hay Fever, Hysteria, Epilepsy, Insomnia, etc., and all curable Nervous, Private and Chronic Diseases.

FREE TO MEN OF ALL AGES.

Manly strength—strength of brain and body—is nature's highest perfected work. With it man is successful; without it, failure. Nearly all men have been fitted with a constitution, but through foolish dissipations have wasted the materials nature gave them. Men live too fast these days. The search for imaginary pleasure, trying to squeeze the happiness of a lifetime into a few years, exhausts the strength, and they are wrecked in man's grandest ambition—robust strength of brain and body. There are thousands of these weak, timid, puny men—half men—who can be made perfect specimens of manhood when the grand element that has been drained from their systems is restored. This element is Electricity. We know there is no strength, no vitality, no fact, no life, without it. This being the fact, can there be a more natural remedy? I say there is not, and tens of thousands of cures during my nearly forty years' practice in Electricity say the same. I have the greatest invention for self-treatment by Electricity the world has ever known, and so sure am I of what it will do that any man who needs it can have the use of my latest model Hercules.

Dr. Sanden Electric Belt Free Until Cured.

I don't ask one cent in advance or on deposit, but upon request I furnish you the belt, and if you are well or satisfied in say two months, pay me the price—most cases as low as \$4.00. If not satisfied, return it and the transaction is closed. I have made a sworn statement to faithfully carry out this offer, and trust you will not confound it with the C. O. D. shame advertised, as I send no goods C. O. D. unless you so order.

What would you not give to have your old vim back; to feel as you did a few years ago; to have the same snap and energy; the same gladness, joyous, light-hearted spirit and the physical strength you used to have? You might as well have these blessings, for my offer must convince you what I feel I can do for you. I will give you the use of the best Electric Belt the world knows—and you probably know I am the father of the electric appliance system of treatment—and advice gathered from the experience of nearly forty years' success in my line. But this does not mean that I am giving belts away; but does mean that you are not to pay me one penny until you are cured. By this method I do tenfold the business and good I would were I trying to sell "a pig in a bag." It pays me and it pays my patients. Of course, imitators imitate my goods (what good thing is not imitated?), but my great knowledge from long, successful experience is mine alone and free to my patients.

This offer is especially to men who want more strength and vitality; who suffer from Impotency, drains, varicocele, etc.; but my belt also cures Rheumatism, Lame Back, Stomach, Liver and Kidney Troubles, general ill health, etc., and I give it on same terms. It is simply worn around the body while you sleep; in the morning you wake up full of strength and vim, prepared to face the world however you find it.

Call or write today and let me assist you to health and happiness as I have so many thousands of others. I will at once arrange to give you my belt on terms mentioned above, and two best little books ever written upon Electricity and its medical uses. Free, sealed, by mail. Address

DR. T. N. SANDEN, 997 MARKET STREET, San Francisco, California. Office Hours, 9 to 6. Sundays, 10 to 1. Oldest and Largest Electric Belt Establishment in the world.
